## COVER PAGE

PLEASE NOTE: ALL RESPONSES SHALL BE SUBMITTED ELECTRONICALLY AS EOFFERS (<http://eoffer.gsa.gov>).

NO HARD COPY RESPONSES WILL BE ACCEPTED UNDER THIS REFRESH.

NOTICE: The GSA Multiple Award Schedule (MAS) program has recently experienced a tremendous increase in new offers. Due to the large number of new offers currently in process, it could take up to 9 months before your offer is evaluated.

GSA's practice is to evaluate offers in the order in which they are received. However, GSA may give priority to processing certain offers when circumstances dictate, such as when a federal agency Contracting Officer specifically requests an expedited offer review in order to meet a pending requirement that will be procured under the MAS program, or when there is a need for GSA to bring strategically critical new products or services to market in order to meet federal customer needs.

NOTICE CONCERNING MODIFICATIONS TO ALL CONTRACTS AWARDED UNDER THIS SOLICITATION:

GSA WILL ONLY ACCEPT MODIFICATION REQUESTS SUBMITTED ELECTRONICALLY AS EMODS (<http://eoffer.gsa.gov>).

The following link provides guidance on utilizing the eOffer and eMod systems, obtaining digital certificates, and using the eOffer and eMod Training Guides: <http://eoffer.gsa.gov>.

## SCP-FSS-002 SPECIFIC PROPOSAL SUBMISSION INSTRUCTIONS (FEB 2012) (ALTERNATE I—DEC 2010)

(a) Section I *Administrative/Contract Data*:

(1) Offeror must submit a copy of the certificate signifying that one of its current employees, who is an authorized negotiator for this offer, has completed the "Pathway to Success" training within the past year. "Pathway to Success" training is available through the Vendor Support Center website at <http://vsc.gsa.gov>. Click on the tab "Vendor Training" to access this free, web based training. The training session is less than two hours total and covers the major factors your organization should consider prior to submitting an offer to GSA.

(2) Complete, sign, and submit mandatory "Readiness Assessment". Offeror must submit a copy of the "Readiness Assessment" signifying that one of its current officers who are authorized to commit the organization, has completed the "Readiness Assessment" within the past year. The "Readiness Assessment" is available through the Vendor Support Center website at <http://vsc.gsa.gov>. Click on the tab "Toolbox" to access this free assessment. The mandatory "Readiness Assessment" covers the major factors your organization should consider prior to submitting an offer to GSA.

(3) Electronic submission of offers via eOffer is mandatory via <http://eOffer.gsa.gov>, unless otherwise stated in the electronic submission standards and requirements at the Vendor Support Center website (<http://vsc.gsa.gov>).

(i) It is NOT necessary to submit a signed copy of the SF1449 or other signatures that may be required in the solicitation document because a digital certificate is required to submit an eOffer. Completing an eOffer through the eOffer system will constitute a signature wherever signature is required in this solicitation regardless of whether or not an electronic signature is present on the document requiring a signature. The offer must include the SF1449, the Vendor Information document (fill-in responses to the Vendor Response Document, GSA required attachments, and offeror's "optional" attachments (defined as any other information submitted by the offeror, not already a part of the requirements and instructions defined by the Government)).

(4) If a consultant is being used during or after award, submit an agent authorization letter. See separate FedBizOpps document for a sample letter.

(5) Offeror shall provide a complete copy of its current CCR and ORCA which includes applicable NAICS codes for services/products offered.

(6) Offeror shall provide a copy of any cancellation and/or rejection notice(s) your firm has received in the preceding two years from any previous GSA Schedule contracts or proposals.

(7) Offeror shall provide the contract number(s) and price lists of any other GSA Schedule contract(s).

(8) Offeror shall identify any pending offers under other GSA Schedules including the name and phone number of the contract specialist evaluating the offer.

(9) Offeror should not submit clauses Incorporated by Reference (IBR) document, which is the full text of all the clauses incorporated by reference.

(10) Unless otherwise requested, offerors should not submit brochures, newsletters, or other marketing materials.

(11) Elaborate artwork, expensive paper and bindings, and visual or other presentation aids are discouraged.

(12) Provide a copy of offeror's most current, complete, audited (if available) two years of financial statements (at a minimum, balance sheets and income statements). GSA uses balance sheet and income statement information to determine financial responsibility. NOTE: Do NOT submit tax returns. Provide an explanation for any negative financial information disclosed, including negative equity or income. You may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available.

(13) Small Business Subcontracting Plan, if applicable The offeror shall prepare and submit a Small Business Subcontracting Plan if, pursuant to the applicable NAICS codes and size standards, it is determined to be other than a small business concern for purposes of this solicitation. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your proposal. Large businesses, nonprofit organizations and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan (see Clause 552.219-72, incorporated by reference). The Government will review each plan to assure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiations along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the Contracting Officer prior to award. A sample outline that may be used in preparing a subcontracting plan is included as a separate FedBizOpps document (ref. FAR 19.702).

GSA's subcontracting goals for Fiscal Year 2012-13 are:	
Category of Small Business	Goal % of Total Subcontracting Dollars
Small Business (total of all types)	25%
HUBZone	3%
Small Disadvantaged	5%
Women Owned	5%
Veteran Owned	3%
Service Disabled Veteran Owned	3%

(b) Section II *Technical Proposal*: The technical proposal is comprised of four factors Factor One (Corporate Experience), Factor Two (Relevant Project Experience), Factor Three (Past Performance) and Factor Four (Quality Control). All offers shall address these factors as instructed below. If the offeror is proposing multiple Special Item Numbers (SINs), they shall clearly identify each SIN with the corresponding technical information. Please provide a narrative for each of the following sections to demonstrate your company's capabilities in satisfying ALL underlying requirements listed below.

(1) Factor One Corporate Experience: Submit a two page (maximum) narrative describing the

company's corporate experience in all services provided under this Schedule, regardless of the number of SINs being offered. Your company must have provided the type of professional services under this schedule to either a Government or Commercial entity for a minimum of two years. At a minimum, your narrative must include the following:

- (i) Organization's number of years of corporate experience in the services described in Part I of this solicitation.
- (ii) Organization's size, experience in the field, and resources available to enable the offeror to fulfill requirements.
- (iii) Brief history of the organization's activities contributing to the development of expertise and capabilities related to this requirement.
- (iv) Information that demonstrates the offeror's organizational and accounting controls and manpower presently in house or the ability to acquire the type and kinds of personnel proposed.
- (v) Describe/identify how you intend to market services to federal clients.
- (vi) Discuss the use of subcontractors. If applicable, a letter of commitment is required to cover the term of the contract.

(2) Factor Two *Relevant Project Experience*:

- (i) For each service SIN offered, the offeror must provide descriptions of two (2) projects. Each description must state the SIN to which it applies, and identify the specific services being proposed for that SIN.
- (ii) The projects must either have been completed within the last two years or be ongoing. For ongoing contracts with a base year and option years, at a minimum, the base year must have been completed; for multiyear task orders, at a minimum, the first year must have been completed.
- (iii) The offeror must demonstrate that the tasks performed are of a similar complexity to the work solicited under each SIN. The offeror may provide the same project for more than one SIN as long as the description identifies which specific work relates to each SIN. All examples of completed services must have been found to be acceptable by the client. Project descriptions shall not exceed four (4) pages per project.
- (iv) Each project description shall include the following customer reference information:
  - (A) Customer/Client Name
  - (B) Project Name/Contract Number
  - (C) Customer Point of Contact for Project
  - (D) POC's phone number and email
  - (E) Project performance period (include months/years)
  - (F) Dollar value of the entire project
  - (G) Dollar value received for the work performed relevant to the SIN offered
  - (H) Brief summary of the project as a whole (background, purpose, etc.)
  - (I) A copy of the Statement of Work for the project; this does not count against the limitation of four pages per project.
- (v) As applicable, each project description shall include a narrative account of the work performed that addresses the following elements:
  - (A) Detailed description of SIN relevant work performed and results achieved
  - (B) Methodology, tools, and/or processes utilized in performing the work

(C) Demonstration of compliance with any applicable laws, regulations, Executive Orders, OMB Circulars, professional standards, etc.

(D) Project schedule (i.e., major milestones, tasks, deliverables), including an explanation of any delays

(E) How the work performed is similar in scope and complexity to that described in the Statement of Work (Part I of this solicitation)

(F) Demonstration of specific experience and/or special qualifications detailed in the Statement of Work (Part I of this solicitation)

(vi) Substitution For Relevant Project Experience: If project experience does not exist, the offeror may substitute relevant projects of predecessor companies or key personnel that will be performing major aspects of the work. If the offeror chooses to make such a substitution, the narratives must clearly identify the entity or personnel that performed the services, and include all elements of (b)(2)(v) of this provision.

(3) Factor Three *Past Performance*: The offeror shall order and obtain a Past Performance Evaluation from Open Ratings, Inc. (ORI). See separate FedBizOpps document. Offerors are responsible for payment to ORI for the Past Performance Evaluation.

(i) Past Performance Evaluations are valid for a period of one year from date of issuance by ORI. The submission of an evaluation issued more than one year prior to the date of proposal submission will result in rejection of the proposal.

(ii) The offeror shall submit one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form (including information on up to 20 customer references) with its proposal. Failure to submit the order form and the completed evaluation with the offer will result in rejection of the proposal. A "customer reference" is defined as a person or company that has purchased services from your firm.

(iii) Offeror is advised to use references from projects involving services related to this solicitation and/or those performed under the appropriate NAICS code(s) related to services offered. If these references were not provided to ORI, please explain why.

(iv) The offeror shall address any negative feedback contained in the ORI report. Explain what actions your firm has taken to minimize the problems that resulted in negative feedback.

(4) Factor Four *Quality Control*: Submit one narrative regardless of the number of SINS offered, not to exceed two (2) pages, addressing each of the following items to demonstrate your firm's capabilities in satisfying ALL underlying requirements listed below.

(i) Describe the internal review procedures which facilitate high quality standards in the organization.

(ii) Identify the individuals who will directly supervise or review projects specifically regarding quality control.

(iii) State whether or not subcontractors are used and, if subcontractors are used, describe the quality control measures the offeror uses to ensure acceptable subcontractor performance.

(iv) Describe how your firm handles potential problem areas and solutions.

(v) Describe the procedures for insuring quality performance while meeting urgent requirements.

(vi) Identify the strategies your firm will implement to manage and complete multiple projects for multiple agencies simultaneously.

(c) Section III *Price Proposal*:

---

(1) GSA's pricing goal: Obtain equal to or better than the Most Favored Customer (MFC) pricing with the same or similar terms and conditions. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers." GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. If the MFC is a Federal agency, but sales exist to commercial clients, identify which, if any, of the commercial clients obtain the best price. This will allow the Government to establish a "basis for award" customer in accordance with the Price Reductions Clause 552.238-75, paragraph (a). The prices submitted represent fully burdened rates inclusive of all cost factors (e.g., direct labor, in direct labor, G&A, profit, and IFF).

(2) The offeror shall propose a pricing structure consistent with its commercial practices and provide supporting documentation (See paragraph (12) below). Pricing shall be submitted and clearly identified as being based either on a "Commercial Price List" or on "Commercial Market Price," as defined in FAR 2.101 ("Catalog Price" and "Market Prices" under the definition of "Commercial Item"). Submit an electronic copy of the proposed pricing.

(i) As part of the Price Proposal: Offeror shall outline all services being proposed. At a minimum, the offeror should provide the following information:

- (A) SIN(s) proposed
- (B) Service/Product proposed
- (C) MFC/Best commercial customer
- (D) MFC/Best commercial customer price
- (E) Discount % offered to MFC/Best commercial customer
- (F) Discount % offered to GSA
- (G) Prices offered to GSA (excluding IFF)
- (H) Prices offered to GSA (including IFF)

(3) When training courses are offered, pricing will include the following information:

- (i)
  - (A) Title and brief description of the course, including major course objectives
  - (B) Length of course (number of hours/days)
  - (C) Minimum/Maximum number of participants
  - (D) Price for additional students above minimum (if applicable)
  - (E) Support materials provided as part of the course (e.g., training manuals, CDs, DVDs)
  - (F) Commercial price of course ("N/A" if offering market based prices)
  - (G) Discount % offered to GSA ("N/A" if offering market based prices)
  - (H) Price of course offered to GSA (excluding IFF)
  - (I) Price of course offered to GSA (including IFF)

(ii) Note: These descriptions will become part of the GSA Authorized Price List if a contract is awarded, and must be posted on GSA *Advantage!*<sup>®</sup>. Submit an electronic copy of the description of each course offered.

(4) The offeror may propose separate rates for "domestic" and "overseas" services based on the application of variations in their indirect costs, depending upon where the services are performed. Two sets of rates are not required. In the event two sets of rates are offered, the offeror must identify which are considered "domestic" rates and which are considered "overseas" rates.

(5) The offeror may propose separate rates for "customer facility" and "contractor facility" (also known as "offsite/onsite"), based on the application of variations in its indirect costs depending upon where the services are performed. Two sets of rates are not required. In the event two sets of

rates are offered, the offeror must identify which is for work at the "customer facility"(i.e., the ordering activity/agency) and which is for work at the "contractor facility."

(6) Offeror is required to include a 0.75% Industrial Funding Fee (IFF) in the prices submitted with their offer (See contract clause 552.23874, Industrial Funding Fee and Sales Reporting). The fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

(7) (i) When pricing is based on a Commercial Price List (CPL), submit two copies of the company's current dated CPL/Standard Rate Sheet (this is a standalone document that was not prepared for this solicitation). Submit proposals for the base year only. Pricing based on the CPL are subject to the Economic Price Adjustment Clause at 552.21670.

OR

(ii) Pricing based on Commercial Market Prices are subject to the Economic Price Adjustment Clause, I-FSS-969. If offering market pricing in accordance with Clause I-FSS-969, the offeror must propose a fixed rate of escalation or identify an economic indicator such as the Bureau of Labor Statistics Employment Cost Index.

(8) For each proposed labor category, the offeror shall provide a detailed position description. Position descriptions must include functional responsibilities, minimum years of experience, minimum educational/degree requirements, and any applicable training or certification requirements. If it is the firm's standard commercial practice to substitute experience for education, explain the methodology in use (e.g., five years experience equates to a BA/BS degree). These descriptions will become part of the GSA Authorized Price List if a contract is awarded, and must be posted on GSA *Advantage!*<sup>®</sup>. Submit an electronic copy of the labor category descriptions and minimum education and minimum experience requirements for each labor category.

(9) Travel will be handled in accordance with clause C-FSS-370. Costs for transportation, lodging, meals and incidental expenses incurred by the contractor are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. They should not be included in the offered prices and will be considered at the task order level.

(10) The Commercial Sales Practices Format (CSP) must be completed in accordance with the Commercial Sales Practices Instructions, demonstrating comparative pricing with your best customer(s). A general explanation of the circumstances and frequency of deviations from your standard commercial practices is required [see Clause 552.212-70, Preparation of Offer (Multiple Awards Schedule)]. A separate CSP must be completed for each pricing structure proposed. Provide a rationale for the estimated GSA contract annual sales (CSP).

(11) The offeror shall include a detailed narrative containing sufficient information for each of the services/products offered to enable the Contracting Officer to determine that offered prices are fair and reasonable. For example, if a price offered to GSA is not equal to or better than the price offered to the firm's designated Most Favored Customer, the narrative must fully explain the offeror's rationale for proposing such a rate that will enable the Contracting Officer to determine the rate fair and reasonable. Any deviation from an offeror's commercial sales practices must be explained, including the circumstances surrounding and frequency of the deviations.

(12) The offeror must provide supporting pricing documentation for EACH proposed service/product (e.g. each labor category, percentage based fee, etc.). Supporting pricing documentation may consist of copies of invoices, contracts, quote sheets, etc. and MUST be included in the Offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be labeled with the name of the corresponding proposed labor category, service, etc.

(13) If offering professional services (as defined by 29 CFR 541), offeror MUST submit a Professional Compensation Plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract in accordance with Clause 52.222-46 Evaluation of Compensation for Professional Employees. Individual compensation disclosure is not required. Submission of general compensation practices often printed in an employee

handbook is sufficient.

(14) If offering professional or technical services, submit a copy of the offeror's policy that addresses uncompensated overtime in accordance with Clause 52.237-10 Identification of Uncompensated Overtime.

(15) Repair and Alterations (R&A): Applicable to the solicitation [Not Applicable.]: Information for offering R&A is located in PART I. Clauses specific to R&A are located in a separate FedBizOpps document.

(16) Service Contract Act: Applicable to this-solicitation (Service Contract Act 52.222-41, and related clauses 52.222-42, 52.222-43, and 52.222-49)

(i) The Service Contract Act (SCA) applies to all nonprofessional services to be provided under this schedule except for any pricing offered for service outside of the United States. The SINs to which the SCA applies are identified elsewhere in the solicitation. The SCA index of applicable wage determinations for this solicitation and resultant contract are shown in FedBizOpps document "SCA Index of Wage Determinations." The full text version of each wage determination can be viewed at [www.wdol.gov](http://www.wdol.gov). Some of the proposed labor categories may be subject to the SCA (usually nonprofessional categories). As such, it is important that the offeror verifies that its proposed base rates and fringe benefit rates for these labor categories meet or exceed the SCA wage determination rates and fringe benefits for the areas where the offeror expects to perform the majority of work under the contract.

(ii) A contract must meet only the base rate and fringe benefit rate requirements in the SCA Wage Determination (WD) Revision Number currently incorporated into the GSA Contract. The WD Revision Number in the GSA contract takes precedence over any WD Revision Number an agency incorporates into an RFQ at the Task Order Level. Contractor cannot increase its GSA contract prices at the Task Order Level as a result of accepting a WD Revision Number at the Task Order Level that differs from the WD Revision Number currently incorporated to the Contractor's GSA contract.

(iii) Identify the SCA wage determination(s), including determination number, revision date, state and counties that were used to determine that the rates offered are in compliance. The revision numbers of the wage determinations listed in the solicitation index of wage determinations should be used in the comparisons.

See the sample below for how labor categories subject to the SCA are to be submitted as part of the GSA proposal. Labor category titles and rates are shown for example purposes only.

Labor categories	Hourly Rate
Principal	\$100.00
Engineer	\$80.00
Secretary**	\$20.00
Scientist	\$80.00
Driver**	\$25.00
Engineering Technician**	\$26.00
Administrative Assistant**	\$18.00
**Indicates SCA eligible categories.	

See the SCA Matrix following the price list for additional information regarding these labor categories.

(iv) The following paragraph is meant to be instructive and NOT to be copied as part of the proposed GSA price list.

For all the identified SCA eligible labor categories, map the SCA equivalent labor category title (titles/descriptions available at <http://www.wdol.gov>. Click on the "library" link, then download the SCA Directory of Occupations, 5<sup>th</sup> Edition). Also identify the WD# that the labor categories in your offer are predicated on. Note that the applicable revision number for any Wage Determination number is the revision number identified in the solicitation index of wage determinations.

(v) Utilize the following spreadsheet format (labor categories shown are for example purposes):

SCA Matrix		
SCA Eligible Contract Labor Category	SCA Equivalent Code Title	WD Number
Secretary	01115 General Clerk I	052059
Driver	31361 Truck driver, Light Truck	052059
Engineering Technician	29081 Engineering Technician I	052059
Administrative Assistant	01011 Accounting Clerk I	052059

(vi) Insert the following language below the above SCA matrix and insert both (matrix and language) at the end of the proposed GSA price list.

"The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated (\*\*) SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly."

(vii) (A) There are three methods for determining price adjustments of Service Contract Act (SCA) eligible labor categories ONLY. The offeror will be required to select one method for the life of the contract.

(1) Method 1: Price Adjustment for the base contract period and all options exercised shall be in accordance with clause 52.222-43, Fair Labor Standards Act and Service Contract Act Price Adjustment (Multiple Year and Option Contracts). When a modification is issued to all contract holders incorporating a revised index of wage determinations, contractors shall notify the Contracting Officer of any increase/decrease claimed under clause 52.222-43 within 30 calendar days after receipt of the modification.

(2) Method 2: An escalation method is negotiated prior to award in

accordance with the clause I-FSS-969, Economic Price Adjustment FSS Multiple Award Schedule, utilizing any of the methods available in the solicitation under that clause.

(3) Method 3: When the offered prices are based upon a commercial price list, then only revisions in the commercial price list will enable the contractor to revise prices. They will only be allowed increases in accordance with clause 552.216-70, Economic Price Adjustment FSS Multiple Award Schedule Contracts.

(B) Regardless of the method used, contractor must ensure that within 30 calendar days after the effective date of any modification to revise pricing based on changes in the applicable wage determination(s), the electronic catalog is updated on GSA Advantage!®.

(viii) Note 1: The contractor will not automatically be allowed an increase in prices based solely on new wage determinations.

(ix) Note 2: Reference Code of Federal Regulations, Title 29, Labor, Subtitle A Office of the Secretary of Labor, Part 4 Labor Standards for Federal Service Contracts, Subpart D Compensation Standards, paragraph 4.161 Minimum monetary wages under contracts exceeding \$2,500, which states: "No change in the obligation of the contractor or subcontractor with respect to minimum monetary wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract."

(x) Note 3: Offerors seeking an award under any SINs for Professional Engineering Services for fire protection engineering services must ensure that examples of relevant experience include the scope of work contained in the SIN. Design or construction work experience related to fire protection or fire protection engineering services is not allowed. Offerors are encouraged to read the Fire Protection Guide available at [www.gsa.gov/pes](http://www.gsa.gov/pes) prior to submitting an offer to ensure a full understanding of the range and scope of fire protection engineering services allowed.

Note: Regulation SCP-FSS-002

Category of Small Businesses Subcontracting Dollars

## Part I - GOODS & SERVICES

### Scope of Schedule 899, Environmental Services

#### Overview

Under the GSA Schedules Program (also referred to as Multiple Award Schedules and Federal Supply Schedules), GSA establishes long-term government-wide contracts with commercial firms to provide access to over four million commercial services and products. These can be ordered directly from GSA Schedule contractors or through the GSA Advantage! on-line shopping and ordering system.

#### Purpose

The purpose of this Environmental Services Solicitation is to provide worldwide Environmental services and to enable government agencies to meet demands for Environmental Consulting Services, Environmental Training Services, Materials and Waste Recycling and Disposal Services, Geographic Information Systems (GIS) Services, Remediation and Reclamation Services, and New Services to enable government agencies to meet their environmental needs. Offerors may propose services to support agencies in meeting these requirements. These services are distinct from, and do not presently include: Construction and Architect-Engineer Services as set forth in FAR Part 36 (including construction, alteration or repair of buildings, structures, or other real property), asbestos abatement, paint removal and/or design or any handling/disposal and/or transportation of nuclear or radioactive waste.

#### Scope of Services

The contractor will be responsible for providing expert advice, assistance, guidance or counseling in support of agencies environmental needs. This may include studies, analyses and documentation of results. Training courses are designed to aid agencies in training personnel in a variety of environmental related subjects and can be conducted on or off-site using standard off-the-shelf, customized, or computer/web-based interactive courses for both customer facility and contractor facility.

Note 1: Personal Services Contracts as defined in FAR 37.101 and FAR 37.104 are strictly prohibited.

Agencies are prohibited from utilizing service contracts to augment government staff. A contractor is equally prohibited from knowingly offering to supplement government staff by engaging in a personal services contract/task order.

Note 2: Architect-Engineering (A/E) Services as that term is defined in FAR 36.601-4 are excluded from the Schedules Program. If the agency statement of work, substantially or to a dominant extent, specifies performance or approval by a registered licensed architect or engineer for services related to real property, the Brooks Act applies and such services must be procured in accordance with FAR Part 36. Use of this schedule for Brooks Act architectural or engineering services is not authorized.

Note 3: This Solicitation does not allow for a Share-In-Savings-Contracting type of contract.

Note 4: Every Federal Agency has the requirement to comply with environmental laws and regulations. This schedule will provide them with quick and easy access to contractors who can help them meet their needs.

Some examples of these laws are:

National Environmental Policy Act (NEPA)	Clean Water Act (CWA)

#### SPECIAL INSTRUCTIONS FOR PAYING IFF ON PAYMENTS/OFFSETS TO THE GOVERNMENT

(a) Paying or offsetting charges to Government Agencies for Recoverable Materials:

(1) The Contractor will be responsible for payment of the Industrial Funding Fee (reference clause 552.238-74) on the total value of the payment/offset for charges to a government agency for recoverable items (i.e., a contractor recycling operation recovers precious metals and either pays the Government or offsets task order charges to the Government by the value of the recovered material). As all sales made under the Environmental Services Schedule include the Industrial Funding Fee, so shall all payments/offsets to the Government be inclusive of the Industrial Funding Fee. The total value of the Sale, in terms of reporting sales to GSA IAW 552.238-74, shall include the amount of offsets or payments resulting from task orders issued against the Environmental Services Schedule.

(b) Examples:

(1) Example 1 (offset for charges): A task order for recycling computers is issued for \$5,000 with a provision for the Contractor to offset charges by the value of the recovered precious metals from recycling those computers. If \$100 dollars worth of precious metals were recovered, the Government would pay the Contractor \$4,900 for the task. In this example, the Contractor would pay the Industrial Funding Fee on \$5,000, even though the sale appears to be only \$4,900.

(2) Example 2 (payment to the Government): A task order is issued for the Contractor to retrieve scrap metals worth \$5,000 in the recycling market. The Contractor would pay the Government \$5,000 for the scrap metal retrieved. In this example, the Contractor would pay the Industrial Funding Fee on \$5,000, even though there would appear to be no sale since the Contractor paid the Government.

REQUIRED INFORMATION APPLICABLE TO SIN 899-5: Some of the services available are in compliance with Executive Order 13514. Where applicable, services under this SIN must assist agencies in meeting waste reduction and recycling initiatives as set forth by statutes and EOs. The following services are in compliance with the EO 13514: eWaste/Recycling Service -- 3rd party certification required (such as R2, e-Steward).

#### REQUIRED INSURANCE (APPLICABLE TO SIN 899-5, MATERIALS AND WASTE RECYCLING AND DISPOSAL SERVICES AND SIN 899-8, REMEDIATION AND RECLAMATION SERVICES)

Reference FAR clause 52.228-5 entitled Insurance The Contractor shall, at its own expense, procure and thereafter maintain, at a minimum, the following kinds of insurance with respect to performance of remediation services and/or reclamation, recycling and disposal services under this contract:

(a) Workers Compensation and Employers Liability Insurance as required by law, except that if this contract is to be performed in a State which does not require or permit private insurance, then compliance with the statutory or administrative requirements in any such State will be satisfactory. The required workers compensation insurance shall extend to cover the employers liability for accidental bodily injury or death and for occupational disease with a minimum liability limit of \$100,000.

(b) General Liability Insurance. Bodily injury liability insurance, in the minimum of \$500,000 per occurrence, shall be required on the comprehensive form of policy.

(c) Automobile Liability Insurance. This insurance shall be required on the comprehensive form of policy and shall provide bodily injury liability and property damage liability covering the operation of all automobiles

used in connection with the performance of the contract. At least a minimum of \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage shall be required.

(d) Pollution Liability Insurance. Minimum liability limit of \$500,000 per occurrence. A higher minimum may be requested by the ordering agency at the task order level and reimbursed as an Other Direct Cost.

**\*\*NOTE:** Contractor is required, at its own expense, to comply with State and local government minimum pollution liability insurance requirements for the type of work being performed. Contractors who do not currently carry the minimum required Pollution Liability Insurance noted in paragraph (4) above shall be required to purchase such insurance if needed to be in compliance prior to performance at the task order level. A higher minimum than required by this solicitation, or State and local government requirements, may be requested by the ordering agency and reimbursed as Other Direct Costs.

(e) The certificate of insurance for other than workers compensation shall reflect the following:

(1) The policies shall exclude any claim by the insurer for subrogation against the Government by reason of any payment under the policies, and (2) the GSA shall be named an additional insured.

#### ADDITIONAL TERMS AND CONDITIONS FOR SIN 899-7:

NOTE 1: Any software provided under SIN 899-7, Geographic Information Systems (GIS) Services must be incidental to and in support of the service provided. Software products/packages/systems proposed as stand-alone solutions must be for environmental purposes, GIS related only.

NOTE 2: For any software proposed that is incidental to and in support of the environmental service proposed, the following terms apply to the software:

(a) In accordance with FAR 12.212, Computer software:

(1) Commercial computer software or commercial computer software documentation shall be acquired under licenses customarily provided to the public to the extent such licenses are consistent with Federal law and otherwise satisfy the Government's needs. Generally, Offerors and Contractors shall not be required to:

(i) Furnish technical information related to commercial computer software or commercial computer software documentation that is not customarily provided to the public; or

(ii) Relinquish to, or otherwise provide, the Government rights to use, modify, reproduce, release, perform, display, or disclose commercial computer software or commercial computer software documentation except as mutually agreed to by the parties.

(2) With regard to commercial computer software and commercial computer software documentation, the Government shall have only those rights specified in the license contained in any addendum to the task order.

(b) In accordance with FAR 12.211, Technical Data: Except as provided by agency-specific statutes (at the task order level), the Government shall acquire only the technical data and the rights in that data customarily provided to the public with a commercial item or process. The Contracting Officer shall presume that data delivered under a contract for commercial items was developed exclusively at private expense. When a contract for commercial items requires the delivery of technical data, the Contracting Officer (at the task order level) shall include appropriate provisions and clauses in the task order delineating the rights in the technical data (see FAR Part 27 or agency FAR supplements).

ADDITIONAL TERMS AND CONDITIONS REQUIRED FOR SIN 899-5, Materials and Waste Recycling and Disposal Services. In an effort to support safe and protective recycling and disposal efforts and encourage improvements in best management practices the offeror is required to submit the following:

- a.) Provide a summary of documentation process used through final disposition of all materials obtained and/or generated. (Required if offering recycling and/or disposal services).
- b.) Provide a summary of methods used for tracking material to final destination. (Required if offering recycling and/or disposal services.)
- c.) Acknowledge understanding and/or compliance with environmental laws and regulations and guidelines pertaining to recycling and/or disposal.
- d.) Provide a summary of firms data security process (e.g., process used for destruction of hard drives). (Required if offering recycling services.)
- e.) Provide a summary of warehousing process. (Required if offering recycling services.)
- f.) Provide process flow identifying ownership of all parts involved in electronic recycling (e.g., transfer of

CERCLA liability). (Required if offering recycling services.)

g.) In the event subcontractors are used for recycling and/or disposal services, the Offeror must identify who the subcontractors are OR certify that the Offeror understands that subcontractors may be required to be identified in any resultant task order issued by an ordering agency. This is to ensure adequate tracking of recycling and/or disposal process.

h.) Firms providing electronic recycling services and/or ewaste disposal are required to provide a copy of third party certification such as R2 or e-Stewards with submission of offer. If adding these types of services after award of contract through the modification process, firm will be required to submit certification with modification request. Websites available for certification include but are not limited to: [www.decideagree.com](http://www.decideagree.com) which provides additional information relating to the R2 accredited certification programs for electronic recyclers OR <http://e-stewards.org/certification-overview/how-to-become-an-e-stewards-recycler/> which provides additional information relating to the e-Stewards accredited certification program. Guidance for R2 accredited certification programs included under document 14 and guidance for e-Stewards accredited certification programs included under document 15.

If firm is offering general recycling and/or disposal services but not intending to perform any electronic recycling and/or ewaste disposal, please state so in offer submission.

#### Documentation Specific to SIN 899-8 Remediation and Reclamation Services:

If offering to perform remediation related to Transportation, Storage, Treatment and/or Disposal of Hazardous Waste services under this SIN, the offeror is required to provide the following documentation:

- (a) Provide a summary of documentation process used through final disposition of all materials obtained and/or generated.
- (b) Provide a summary of methods used for tracking material to final destination.
- (c) Acknowledge compliance with environmental laws and regulations pertaining to disposal of hazardous waste.
- (d) Provide a summary of warehousing process if any exist.
- (e) Identify who the subcontractors are that will be used in the hazardous disposal process OR certify that the offeror understands that subcontractors may be required to be identified in any resultant task order issued by an ordering agency. If subcontractors are identified, pricing is to be included with the submission of offer.

When providing the above required documentation for Transportation, Storage, Treatment and/or Disposal of Hazardous Waste services under SIN 899-8, each page/paragraph heading must show the requirement stated above for that particular paragraph/page documentation heading you are providing. For non-applicable items, simply state the paragraph/page heading and input Not Applicable. NOTE: IF NOT OFFERING TRANSPORTATION, STORAGE, TREATMENT AND/OR DISPOSAL OF HAZARDOUS WASTE SERVICES, THE OFFER MUST STATE THAT THE FIRM IS NOT OFFERING AND WILL NOT PERFORM SUCH SERVICES IF AWARDED A CONTRACT UNDER THE ENVIRONMENTAL SERVICES SCHEDULE 899.

#### CI-FSS-053

##### INDEMNIFICATION & LIABILITY

For disposal, recycling or salvage services performed under any SIN cited in Solicitation TFTP-EW-990899-B, Environmental Services, it is understood that the General Services Administration (GSA) does not become owner, operator, generator, arranger, or transporter of hazardous substances or wastes by executing a schedule contract or by the award of a task order by an ordering agency against a schedule contract for remediation, reclamation, recycling, and disposal services. As a result, GSA shall not incur any liability under any environmental laws for contamination to the extent resulting from the negligent acts or omissions of a schedule contractor performing the services. In addition, the contractor shall be liable for, and shall indemnify and hold harmless the GSA against, all actions or claims for loss of or damage to property or the injury or death of persons to the extent resulting from the fault, negligence, or wrongful act omission of the contractor, its agents, or employees. EXCEPTION: The aforementioned does not apply when GSA is the ordering agency and is procuring remediation, reclamation, recycling and/or disposal services for property it owns and/or for which it has legal jurisdiction.

NOTE TO OFFERORS: THE ENVIRONMENTAL SERVICES SCHEDULE IS NO LONGER PART OF THE MAS EXPRESS PROGRAM. OFFERORS SHALL DISREGARD ANY INFORMATION POSTED ON ANY GSA WEBSITE OR PUBLICATION THAT INDICATES THE ENVIRONMENTAL SERVICES SCHEDULE IS PARTICIPATING IN THE MAS EXPRESS PROGRAM.

NOTICE: The GSA Multiple Award Schedule (MAS) program has recently experienced a tremendous increase in new offers. Due to the large number of new offers currently in process, it could take up to 6 months before your offer is evaluated.

GSA's practice is to evaluate offers in the order in which they are received. However, GSA may give priority to processing certain offers when circumstances dictate, such as when a federal agency Contracting Officer specifically requests an expedited offer review in order to meet a pending requirement that will be procured under the MAS program, or when there is a need for GSA to bring strategically critical new products or services to market in order to meet federal customer needs.

#### OVERSEAS DIFFERENTIAL PAY

The purpose of this provision is to describe how overseas differential pay will be handled on any task orders issued pursuant to Federal Supply Schedule contracts for services.

Definition: Overseas differential pay includes many types of allowances, including Post (Cost of Living) Allowance, Post (Hardship) Differential, Living Quarter Allowance, Education Allowance, Foreign Per Diem, and Danger Pay Allowance. Contractor personnel may be required to perform services in areas designated by the Department of State as Danger Pay or Hardship Posts for a variety of reasons, including contingency operations, humanitarian or peacekeeping operations, military exercises and/or operations, or diplomatic missions.

The Department of State's Standardized Regulations (DSSR) provides the regulations governing allowances, differentials (i.e. Hardship Post and/or Danger Pay) and definitions for all designated areas for all U.S. Government civilian employees. The DSSR provides for additional compensation for service in foreign locations where conditions of environment differ so substantially from conditions of environment in the continental U.S. that additional compensation is warranted and necessary as a recruitment or retention incentive. For U.S. Government civilian employees, hired in the United States, these are cumulative with a maximum of 35 percent each over the basic pay. (The cumulative maximum differential is 70 percent over basic pay, for an overall compensation of 170 percent of base pay.)

Applicability to contract performance: In order to facilitate contractor performance in areas where these differentials may be appropriate, this provision allows the use of the State Departments regulations and allowances as a basis for establishing differential labor rates on task orders. Information on current rates is available at the U.S. Department of State, Office of Allowances web site ([http://aoprals.state.gov/Web920/default.asp?menu\\_id=95](http://aoprals.state.gov/Web920/default.asp?menu_id=95)). If payment of a differential is determined appropriate by the task order contracting officer, that contracting officer may utilize any method to determine the labor rate (or additional price if pricing is based on other than labor rates) actually paid to the contractor. However, in no event shall the total price paid exceed the Schedule contract price plus the State Department compensation rate applicable to the locality in question.

Example: A task order is contemplated with performance in Kabul, Afghanistan. As of the date of the contractors quotation, the State Department allowance for this location is 70%. The contract rate for the labor category in question is \$100.00 per hour. Therefore, the maximum allowable differential rate for that labor category would be \$170.00 per hour.

Notice of the Federal Procurement Law Affecting All Electronic and Information Technology â##developed, procured, maintained, or usedâ## by the Federal Government (Section 508)

SECTION 508 CONFORMANCE. Section 508 is a part of the Rehabilitation Act of 1973 which requires that Electronic and Information Technology (EIT) that is â##developed, procured, maintained, or usedâ## by the Federal government be accessible to persons with disabilities. On August 7, 1998, the President signed into law the Workforce Investment Act of 1998, which includes the Rehabilitation Act Amendments of 1998. Section 508 was originally added to the Rehabilitation Act in 1986; the 1998 amendments significantly expand and strengthen the technology accessibility requirements in Section 508.

Section 508 requires that when Federal agencies â##develop, procure, maintain, or useâ## electronic and information technology, they shall ensure that the electronic and information technology allows Federal

employees with disabilities to have access to and use of information and data that is comparable to the access to and use of information and data by Federal employees who are not individuals with disabilities, unless an undue burden would be imposed on the agency. Section 508 also requires that individuals with disabilities, who are members of the public seeking information or services from a Federal agency, have access to and use of information and data that is comparable to that provided to the public who are not individuals with disabilities, unless an undue burden would be imposed on the agency.

**Section 508 Standards Applicable to this Effort:**

The Section 508 standards in 36 CFR 1194 are incorporated into and made part of all task/delivery orders awarded under a GSA Schedule to procure Electronic and Information Technology (EIT). These standards are found in their entirety at: <http://www.section508.gov> and <http://www.access-board.gov/sec508/standards.htm>.

Offerors providing EIT shall fully address all standards identified as applicable in each individual task/delivery order and are encouraged to maintain and provide a link to a designated area on their website that provides Section 508 and accessibility information for their EIT-related products and services. Compliance with the applicable Section 508 standards is a material requirement of this solicitation.

**NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS) CODE, AND SMALL BUSINESS SIZE STANDARD (BLOCK 10, STANDARD FORM 1449)**

Due to the diversity of the services that may be provided under this Schedule, the following NAICS codes have been identified for purposes of a size determination at the contract level.

NAICS 541620 Environmental Consulting Services (Size Standard: \$7.0 Million)(Applicable to SINs 899-1, 899-3, and 899-7)

This industry is comprised of establishments primarily engaged in providing advice and assistance to businesses and other organizations on environmental issues, such as the control of environmental contamination from pollutants, toxic substances, and hazardous materials. These establishments identify problems (e.g., inspect buildings for hazardous materials), measure and evaluate risk, and recommend solutions. They employ a multi-disciplined staff of scientist, engineers, and other technicians with expertise in areas such as air and water quality, asbestos contamination, remediation, and environmental law. Establishments providing sanitation or site remediation consulting services are included in this industry.

NAICS 562920 Materials Recovery Facilities (Size Standard \$12.5 million) (Applicable to SIN 899-5 Materials and Waste Recycling and Disposal Services)

This industry is comprised of establishments primarily engaged in (1) operating facilities for separating and sorting recyclable materials from non-hazardous waste streams (i.e., garbage) and/or (2) operating facilities where commingled recyclable materials, such as paper, plastics, used beverage cans, and metals, are sorted into distinct categories.

NAICS 562112 Hazardous Waste Collection (Size Standard \$12.5 million) (Applicable to SIN 899-5 Materials and Waste Recycling and Disposal Services)

This U.S. industry is comprised of establishments primarily engaged in collecting and/or hauling hazardous waste within a local area and/or operating hazardous waste transfer stations. Hazardous waste collection establishments may be responsible for the identification, treatment, packaging, and labeling of waste for the purposes of transport.

NAICS 541380 Testing Laboratories (Size Standard: \$12 Million) (Applicable to SIN 899-8 Remediation and Reclamation Services). (Note that lab work is limited to remediation related laboratory testing as stated in the scope of work under SIN 899-8)

This industry is comprised of establishments primarily engaged in performing physical, chemical, and other analytical testing services, such as acoustics or vibration testing, assaying, biological testing (except medical and veterinary), calibration testing, electrical and electronic testing, geotechnical testing, mechanical testing, nondestructive testing, or thermal testing. The testing may occur in a laboratory or at the customers facility.

NAICS 562910 Remediation Services (Size Standard: \$14 million ) (Applicable to SIN 899-8, Remediation and Reclamation Services)

This industry is comprised of establishments primarily engaged in one or more of the following: (1) remediation and cleanup of contaminated buildings, mine sites, soil, or ground water; (2) integrated mine reclamation activities, including demolition, soil remediation, waste water treatment, hazardous material removal, contouring land, and re-vegetation; and (3) asbestos, lead paint, and other toxic material abatement.\*\*

\*\*NOTE: Although in the NAICS description, asbestos and/or paint removal cannot be performed under Schedule 899

NAICS 562910 Environmental Remediation Services (Size Standard 500 Employees)

For purposes of classifying a Government procurement as Environmental Remediation Services, the general purpose of the procurement must be to restore a contaminated environment and also the procurement must be composed of activities in three or more separate industries with separate NAICS codes or, in some instances (e.g., engineering), smaller subcomponents of NAICS codes with separate, distinct size standards. These activities may include, but are not limited to, separate activities in industries such as: Heavy Construction\*, Special Trade Construction\*, Engineering Services\*, Architectural Services\*, Management Services, Refuse Systems, Sanitary Services, Not Elsewhere Classified, Local Trucking Without Storage, Testing Laboratories, and Commercial, Physical and Biological Research. If any activity in the procurement can be identified with a separate NAICS code, or component of a code with a separate distinct size standard, and that industry accounts for 50 percent or more of the value of the entire procurement, then the proper size standard is the one for that particular industry, and not the Environmental Remediation Service size standard.

\*NOTE: Architect/Engineering/Design and Construction work as defined in FAR 2.1 and FAR part 36 are prohibited.

#### BUSINESS SIZE DETERMINATION

The NAICS that represents the preponderance of proposed estimated annual sales in this Environmental Services offer shall be designated as the single NAICS for the contract award, and thereby the size standard of the firm as it relates to the contract award.

EXAMPLE: If an Offeror is proposing an estimated annual GSA sales volume on the Commercial Sales Practices Format (Solicitation document 9) of \$300,000 under SIN 899-1 (NAICS 541620, size standard \$7.0 million) and \$100,000 under SIN 899-8 (proposed as preponderance of estimated sales falling under NAICS 562910 Environmental Remediation (size standard 500 employees)), and the Offerors total annual company revenue was \$13 million (average annual revenue over the last three years) but only had 300 employees, the company would be classified as a large business as it does not meet the size standard for SIN 899-1 (NAICS 541620), which constitutes the preponderance of the proposed work estimated under the offer. In this example, the firm would be a large business regardless of the fact that it qualifies as a small business under NAICS 562910 Environmental Remediation resulting in the requirement to submit a small business subcontracting plan.

Offerors shall complete the table below for each SIN offered identifying only ONE NAICS code per SIN offered. For the SINs that have more than one NAICS code, the Offeror shall identify which NAICS code represents the preponderance of estimated sales being proposed under that SIN (as shown on the Commercial Sales Practices Format). [NOTE: SINS 899-2, 899-4 AND 899-6 ARE RESERVED FOR DELETION NO OFFERS

WILL BE ACCEPTED FOR THESE SINS. ANY SERVICES PREVIOUSLY CITED UNDER THESE SINS HAS NOW BEEN CONSOLIDATED WITH ANY OR ALL OF THE REMAINING SINS UNDER THIS SCHEDULE].

If a previously awarded small business concern re-represents itself as other than small, an acceptable subcontracting plan must be negotiated with the contracting officer if the value of the remainder of the contract option periods exceeds the threshold for a subcontracting plan.

Note 2: If the preponderance of estimated sales proposed in the Commercial Sales Practices Format falls under SIN 899-8 and the offeror has checked NAICS 562910 Environmental Remediation (500 employee standard), the offeror shall provide a narrative detailing how the preponderance of work performed by the company is in fact Environmental Remediation as defined in the NAICS code. The narrative shall include evidence to support the companys claim that the preponderance of work it performs in the marketplace falls within the definition of NAICS 562910 Environmental Remediation.

(ALTERNATE II – OCT 2001)**

(a) This clause does not apply to small business concerns.

(b) *Definitions.* As used in this clause —

*Alaska Native Corporation (ANC)* means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1601, et seq.) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

*Commercial item* means a product or service that satisfies the definition of commercial item in section 2.101 of the Federal Acquisition Regulation.

*Commercial plan* means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (e.g., division, plant, or product line).

*Electronic Subcontracting Reporting System (eSRS)* means the Governmentwide, electronic, web-based system for small business subcontracting program reporting. The eSRS is located at <http://www.esrs.gov>.

*Indian tribe* means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

*Individual contract plan* means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

*Master plan* means a subcontracting plan that contains all the required elements of an individual contract plan, except goals, and may be incorporated into individual contract plans, provided the master plan has been approved.

*Subcontract* means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

(c) Proposals submitted in response to this solicitation shall include a subcontracting plan that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate a subcontracting plan shall make the offeror ineligible for award of a contract.

(d) The offeror's subcontracting plan shall include the following:

(1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 43 U.S.C. 1626:

(2) A statement of —

- (i) Total dollars planned to be subcontracted for an individual contract plan; or the offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;
- (ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes);
- (iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;
- (iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;
- (v) Total dollars planned to be subcontracted to HUBZone small business concerns;

- (vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANCs and Indian tribes); and
- (vii) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to —

- (i) Small business concerns;
- (ii) Veteran-owned small business concerns;
- (iii) Service-disabled veteran-owned small business concerns;
- (iv) HUBZone small business concerns;
- (v) Small disadvantaged business concerns; and
- (vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (e.g., existing company source lists, the Central Contractor Registration database (CCR), veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in CCR as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of CCR as its source list does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with —

- (i) Small business concerns (including ANC and Indian tribes);
- (ii) Veteran-owned small business concerns;
- (iii) Service-disabled veteran-owned small business concerns;
- (iv) HUBZone small business concerns;
- (v) Small disadvantaged business concerns (including ANC and Indian tribes); and
- (vi) Women-owned small business concerns.

(7) The name of the individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of \$650,000 (\$1.5 million for construction of any public facility with further subcontracting possibilities) to adopt a subcontracting plan that complies with the

requirements of this clause.

(10) Assurances that the offeror will —

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;

(iii) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause using the Electronic Subcontracting Reporting System (eSRS) at <http://www.esrs.gov>. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;

(iv) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using eSRS;

(v) Provide its prime contract number, its DUNS number, and the e-mail address of the offeror's official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so they can enter this information into the eSRS when submitting their ISRs; and

(vi) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own DUNS number, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (e.g., CCR), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than \$150,000, indicating —

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

- (C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;
- (D) Whether HUBZone small business concerns were solicited and, if not, why not;
- (E) Whether small disadvantaged business concerns were solicited and, if not, why not;
- (F) Whether women-owned small business concerns were solicited and, if not, why not; and
- (G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact —

- (A) Trade associations;
- (B) Business development organizations;
- (C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, and women-owned small business sources; AND
- (D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through —

- (A) Workshops, seminars, training, etc.; and
- (B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

- (1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.
- (2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.
- (3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.
- (4) Confirm that a subcontractor representing itself as a HUBZone small business concern is identified as a certified HUBZone small business concern by accessing the Central Contractor Registration (CCR) database or by contacting SBA.
- (5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of

business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold in which a small business concern received a small business preference, upon determination of the successful subcontract offeror, the Contractor must inform each unsuccessful small business subcontract offeror in writing of the name and location of the apparent successful offeror prior to award of the contract.

(f) A master plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; provided —

(1) the master plan has been approved,

(2) the offeror ensures that the master plan is updated as necessary and provides copies of the approved master plan, including evidence of its approval, to the Contracting Officer, and

(3) goals and any deviations from the master plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial item. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR in eSRS for all contracts covered by its commercial plan. This report shall be acknowledged or rejected in eSRS by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government's fiscal year.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) A contract may have no more than one plan. When a modification meets the criteria in 19.702 for a plan, or an option is exercised, the goals associated with the modification or option shall be added to those in the existing subcontract plan.

(j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders-Commercial Items, or when the subcontractor provides a commercial item subject to the clause at 52.244-6, Subcontracts for Commercial Items, under a prime contract.

(k) The failure of the Contractor or subcontractor to comply in good faith with —

(1) the clause of this contract entitled "Utilization of Small Business Concerns," or

(2) an approved plan required by this clause, shall be a material breach of the contract.

(l) The Contractor shall submit ISRs and SSRs using the web-based eSRS at <http://www.esrs.gov>. Purchases from a corporation, company, or subdivision that is an affiliate of the prime Contractor or subcontractor are not included in these reports. Subcontract award data reported by prime Contractors and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or

Indian tribe. Only subcontracts involving performance in the United States or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.

(1) *ISR*. This report is not required for commercial plans. The report is required for each contract containing an individual subcontract plan.

(i) The report shall be submitted semiannually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period.

(ii) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(iii) The authority to acknowledge receipt or reject the ISR resides —

(A) In the case of the prime Contractor, with the Contracting Officer; and

(B) In the case of a subcontract with a subcontracting plan, with the entity that awarded the subcontract.

(2) *SSR*. (i) Reports submitted under individual contract plans —

(A) This report encompasses all subcontracting under prime contracts and subcontracts with the awarding agency, regardless of the dollar value of the subcontracts.

(B) The report may be submitted on a corporate, company or subdivision (e.g. plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If a prime Contractor and/or subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over \$650,000 (over \$1.5 million for construction of a public facility) and contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime Contractors. However, for construction and related maintenance and repair, a separate report shall be submitted for each DoD component.

(D) For DoD and NASA, the report shall be submitted semi-annually for the six months ending March 31 and the twelve months ending September 30. For civilian agencies, except NASA, it shall be submitted annually for the twelve month period ending September 30. Reports are due 30 days after the close of each reporting period.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The authority to acknowledge or reject SSRs in eSRS, including SSRs submitted by subcontractors with subcontracting plans, resides with the Government agency awarding the prime contracts unless stated otherwise in the contract.

## (ii) Reports submitted under a commercial plan —

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year.

(B) The report shall be submitted annually, within thirty days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency from which contracts for commercial items were received.

(D) The authority to acknowledge or reject SSRs for commercial plans resides with the Contracting Officer who approved the commercial plan.

(iii) All reports submitted at the close of each fiscal year (both individual and commercial plans) shall include a Year-End Supplementary Report for Small Disadvantaged Businesses. The report shall include subcontract awards, in whole dollars, to small disadvantaged business concerns by North American Industry Classification System (NAICS) Industry Subsector. If the data are not available when the year-end SSR is submitted, the prime Contractor and/or subcontractor shall submit the Year-End Supplementary Report for Small Disadvantaged Businesses within 90 days of submitting the year-end SSR. For a commercial plan, the Contractor may obtain from each of its subcontractors a predominant NAICS Industry Subsector and report all awards to that subcontractor under its predominant NAICS Industry Subsector.

**552.211-15 Defense Priorities and Allocations System Requirements (SEP 2004)****(a) Definitions.**

*Approved program* means a program determined to be necessary or appropriate for priorities and allocation support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Department of Homeland Security Under Secretary for Emergency Preparedness and Response under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes, and Executive Order 12742. See Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols at <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm>.

*Defense Priorities and Allocations System (DPAS)* means the regulation published at 15 CFR part 700 that requires preferential treatment for certain contracts and orders placed by a Delegate Agency in support of an approved program.

*Delegate Agency* means an agency of the U.S. Government authorized by delegation from the Department of Commerce (DOC) to place priority ratings on contracts or orders needed to support approved programs.

*Rated order* means, for the purpose of this contract, a delivery or task order issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

*(b) Rated Order Requirement.*

From time to time, the Contractor may receive a rated order under this contract from a Delegate Agency. The Contractor must give preferential treatment to rated orders as required by the Defense Priorities and Allocations System (DPAS) regulation (15 CFR part 700). The existence of previously accepted unrated or lower rated orders is not sufficient reason to reject a rated order. Rated orders take preference over all unrated orders as necessary to meet required delivery dates. There are two levels of ratings designated by the symbol of either "DO" or "DX." All "DO" rated orders have equal priority with each other and take preference over unrated orders. All "DX" rated orders have equal priority with each other and take preference over "DO" rated orders and unrated orders. The rating designation is followed by a program identification symbol. Program identification symbols indicate which approved program is supported by the rated order (see Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols).

*(c) Additional information.*

Additional information may be obtained at the DOC DPAS website <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm> or by contacting the designated Administrative Contracting Officer.

### **552.238-80 Use of Federal Supply Schedule Contracts by Certain Entities--Recovery Purchasing (FEB 2007)**

(a) If an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)-- Alternate I, elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies "Compliance with laws unique to Government contracts" (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (e.g., Federal Acquisition Regulation 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B).

(3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to

the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(7) The state or local government ordering activity will be responsible for purchasing products or services to be used to facilitate recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) or to facilitate recovery from terrorism or nuclear, biological, chemical, or radiological attack.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I, the Contractor agrees to the following conditions--

(1) The ordering activity is responsible for all payments due the Contractor for the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(2) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(c) In accordance with clause 552.238-74, Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number--

(1) The dollar value for sales to entities identified in paragraph (a) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I; and

(2) The dollar value for sales to entities identified in paragraph (d) of clause 552.238-78, Alternate I.

**I-FSS-599 ELECTRONIC COMMERCE—FACNET (SEP 2006)**

(a) General Background.

The Federal Acquisition Streamlining Act (FASA) of 1994 establishes the Federal Acquisition Computer Network (FACNET) requiring the Government to evolve its acquisition process from one driven by paperwork into an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI means more than merely automating manual processes and eliminating paper transactions. It can and will help to move business processes (e.g., procurement, finance, logistics, etc.) into a fully electronic environment and fundamentally change the way organizations operate.

(b) Trading Partners and Value-Added Networks (VAN's).

Within the FACNET architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and contractors (now known as "trading partners"). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's).

EDI can be done using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If your VAN only provides communications services, you may also need a software translation package.

(c) Registration Instructions.

DOD will require Contractors to register as trading partners to do business with the Government. This policy can be reviewed via the INTERNET at [http://www.defenselink.mil/releases/1999/b03011999\\_bt079-99.html](http://www.defenselink.mil/releases/1999/b03011999_bt079-99.html).

To do EDI with the Government, Contractors must register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners, called the Central Contractor Registration (CCR) <http://www.ccr.gov/>, has been developed. All Government procuring offices and other interested parties will have access to this central repository. The database is structured to identify the types of data elements which are public information and those which are confidential and not

releasable.

To register, contractors must provide their Dun and Bradstreet (DUNS) number. The DUNS number is available by calling 1(800)333-0505. It is provided and maintained free of charge and only takes a few minutes to obtain. Contractors will need to provide their Tax Identification Number (TIN). The TIN is assigned by the Internal Revenue Service by calling 1(800)829-1040. Contractors will also be required to provide information about company bank or financial institution for electronic funds transfer (EFT).

Contractors may register through on-line at <http://www.ccr.gov/> or through their Value Added Network (VAN) using an American National Standards Institute (ANSI) ASC X12 838 transaction set, called a "Trading Partner Profile." A transaction set is a standard format for moving electronic data. VAN's will be able to assist contractors with registration.

(d) Implementation Conventions.

All EDI transactions must comply with the Federal Implementation Conventions (IC's). Many VAN's and software providers have already built the IC requirements into their products. If you need to see the IC's, they are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.itl.nist.gov/lab/csl-pubs.htm>. IC's are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional Information.

GSA has additional information available for vendors who are interested in starting to use EC/EDI. Contact the Contracting Officer for a copy of the latest handbook. Several resources are available to vendors to assist in implementing EC/EDI; specific addresses are available in the handbook or from the Contracting Officer:

- (1) Electronic Commerce Resource Centers (ECRC's) are a network of U.S. Government-sponsored centers that provide EC/EDI training and support to the contractor community. They are found in over a dozen locations around the country.
- (2) Procurement Technical Assistance Centers (PTAC's) and Small Business Development Centers (SBDC's) provide management assistance to small business owners. Each state has several locations.
- (3) Most major US cities have an EDI user group of companies who meet periodically to share information on EDI-related subjects.

(f) *GSA Advantage!*®

(1) *GSA Advantage!*® will use this FACNET system to receive catalogs, invoices and text messages; and to send purchase orders, application advice, and functional acknowledgments. *GSA Advantage!*® enables customers to:

**I-FSS-600 CONTRACT PRICE LISTS (JUL 2004)**

(a) Electronic Contract Data.

(1) At the time of award, the Contractor will be provided instructions for submitting electronic contract data in a prescribed electronic format as required by clause 552.238-71, Submission and Distribution of Authorized FSS Schedule Price Lists.

(2) The Contractor will have a choice to transmit its file submissions electronically through Electronic Data Interchange (EDI) in accordance with the Federal Implementation Convention (IC) or use the application made available at the time of award. The Contractor's electronic files must be complete; correct; readable; virus-free; and contain only those supplies and services, prices, and terms and conditions that were accepted by the Government. They will be added to GSA's electronic ordering system known as *GSA Advantage!*<sup>®</sup> a menu-driven database system that provides on-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic order. The Contractor's electronic files must be received no later than 6 months after award. Contractors should refer to clause I-FSS-597, *GSA Advantage!*<sup>®</sup> for further information.

(3) Further details on EDI, ICs, and *GSA Advantage!*<sup>®</sup> can be found in clause I-FSS-599, Electronic Commerce.

(4) The Contractor is encouraged to place the GSA identifier (logo) on their web site for those supplies or services covered by this contract. The logo can link to the contractor's Federal Supply Schedule price list. The identifier URL is located at <http://www.gsa.gov/logos>. All resultant "web price lists" shown on the contractor's web site must be in accordance with section (b)(3)(ii) of this clause and nothing other than what was accepted /awarded by the Government may be included. If the contractor elects to use contract identifiers on its website (either logos or contract number) the website must clearly distinguish between those items awarded on the contract and any other items offered by the contractor on an open market basis.

(5) The contractor is responsible for keeping all electronic catalog data up to date; e.g., prices, product deletions and replacements, etc.

(b) Federal Supply Schedule Price Lists.

(1) The Contractor must also prepare, print, and distribute a paper Federal Supply Schedule Price List as required by clause 552.238-71, Submission and Distribution of Authorized FSS Schedule

Price Lists. This must be done as set forth in this paragraph (b).

(2) The Contractor must prepare a Federal Supply Schedule Price List by either:

(ii) Composing a price list in which only those items, terms, and conditions accepted by the Government are included, and which contain only net prices, based upon the commercial price list less discounts accepted by the Government. In this instance, the Contractor must show on the cover page the notation "Prices Shown Herein are Net (discount deducted)".

(3) The cover page of the Federal Supply Schedule Price List must include the following information prepared in the format set forth in this subparagraph (b)(3):

**I-FSS-969 ECONOMIC PRICE ADJUSTMENT—FSS MULTIPLE AWARD  
SCHEDULE (JAN 2002)**

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.

(b) There are two types of economic price adjustments (EPAs) possible under the Multiple Award Schedules (MAS) program for contracts not based on commercial catalogs or price lists as described below. Price adjustments may be effective on or after the first 12 months of the contract period on the following basis:

(1) Adjustments based on escalation rates negotiated prior to contract award. Normally, when escalation rates are negotiated, they result in a fixed price for the term of the contract. No separate contract modification will be provided when increases are based on negotiated escalation rates. Price increases will be effective on the 12-month anniversary date of the contract effective date, subject to paragraph (f), below.

(2) Adjustments based on an agreed-upon market indicator prior to award. The market indicator, as used in this clause, means the originally released public index, public survey or other public, based market indicator. The market indicator shall be the originally released index, survey or market indicator, not seasonally adjusted, published by the [to be negotiated], and made available at [to be identified]. Any price adjustment shall be based on the percentage change in the designated (i.e. indicator identification and date) market indicator from the initial award to the latest available as of the anniversary date of the contract effective date, subject to paragraph (e), below. If the market indicator is discontinued or deemed no longer available or reliable by the Government, the Government and the Contractor will mutually agree to a substitute. The contract modification reflecting the price adjustment will be effective upon approval by the Contracting Officer, subject to paragraph (g), below. The adjusted prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government's examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above.:

(1) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of subparagraph (b)).

(2) Increases are requested before the last 60 days of the contract period, including options.

(3) At least 30 days elapse between requested increases.

(4) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed five percent (5%) of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2)

and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Commercial Sales Practice format, per contract clause 52.215-21 Alternate IV, demonstrating the relationship of the Contractor's commercial pricing practice to the adjusted pricing proposed or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: No price increase shall be effective until the Government receives the electronic file updates pursuant to GSAR 552.243-72, Modifications (Multiple Award Schedule).

(h) All MAS contracts remain subject to contract clauses GSAR 552.238-75, "Price Reductions"; and 552.215-72, "Price Adjustment -- Failure to Provide Accurate Information." In the event the application of an economic price adjustment results in a price less favorable to the Government than the price relationship established during negotiation between the MAS price and the price to the designated customer, the Government will maintain the price relationship to the designated customer.

#### **52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (APR 2010)**

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are \_\_\_\_\_ are not \_\_\_\_\_ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have \_\_\_\_\_ have not \_\_\_\_\_, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are \_\_\_\_\_ are not \_\_\_\_\_ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1)(i)(B) of this provision; and

(D) Have \_\_\_\_\_ have not \_\_\_\_\_, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) *Examples.*

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has \_\_\_\_\_ has not \_\_\_\_\_, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal Agency.

(2) "Principal," for the purposes of this certification, means an officer; director; owner; partner; or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

This certification concerns a matter within the jurisdiction of an agency of the United States and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under section 1001, title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealing.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

**CERTIFICATION**

The offeror \_\_\_\_\_ does \_\_\_\_\_ does not certify that--

(1) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(2) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror;

(3) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1003-4(d)(3) that the Service Contract Act--

(1) Will not apply to this offeror, then the Service Contract Act of 1965 clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at FAR 52.222-53, Exemption from Application of the Service Contract Act to Contracts for Certain Services--Requirements, in this solicitation will not be included in any resultant contract awarded to this offer, and the offeror may be provided an opportunity to submit a new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision--

(1) The clause of this solicitation at 52.222-53, Exemption from Application of the Service Contract Act to Contracts for Certain Services--Requirements, will not be included in any resultant contract to this offeror; and

(2) The offeror shall notify the Contracting Officer as soon as possible if the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

PAYMENT ADDRESS

(b) Offeror shall furnish by attachment to this solicitation, the remittance (payment) addresses of all authorized participating dealers receiving orders and accepting payment by check in the name of the Contractor in care of the dealer, if different from their ordering address(es) specified elsewhere in this solicitation. (c) All offerors are cautioned that if the remittance (payment) address shown on an actual invoice differs from that shown in paragraph (b) of this provision or on the attachment, the remittance address(es) in paragraph (b) of this provision or attached will govern. Payment to any other address, except as provided for through EFT payment methods, will require an administrative change to the contract.

Note: All orders placed against a Federal Supply Schedule contract are to be paid by the individual ordering activity placing the order. - (a) Definition.

*Introduction of New Services/Products Special Item Number (INSP/SIN)* means a new or improved service or product— within the scope of the Federal Supply Schedule, but not currently available under any Federal Supply Service contract— that provides a new service, function, task, or attribute that may provide a more economical or efficient means for Federal agencies to accomplish their mission. It may significantly improve an existing service or product. It may be a service or product existing in the

commercial market, but not yet introduced to the Federal Government.

(b) Offerors are encouraged to introduce new services or products via the Introduction of New Services/Products Special Item Number (INSP/SIN). A new or improved service or product can be offered at anytime. Offerors are requested to clearly identify the INSP/SIN item in the offer.

(c) The Contracting Officer will evaluate and process the INSP/SIN offer. A technical review may be performed. Offerors may be required to demonstrate that the service or product can provide a more economical or efficient means for Federal agencies to accomplish their mission. The Contracting Officer has the sole discretion to determine whether a product or service will be accepted as an INSP/SIN item. The INSP/SIN provides temporary placement until the new service or product can be formally categorized.

(d) If the Contractor has an existing Multiple Award Schedule contract, the Government may, at the sole discretion of the Contracting Officer, modify the existing contract to include the INSP/SIN item in accordance with 552.243-72, Modifications (Multiple Award Schedule).

#### **52.209-9 UPDATES OF PUBLICLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (FEB 2012)**

(a) The Contractor shall update the information in the Federal Awardee Performance and Integrity Information System (FAPIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the Central Contractor Registration database via <https://www.acquisition.gov>.

(b) As required by section 3010 of the Supplemental Appropriations Act, 2010 (Pub. L. 111–212), all information posted in FAPIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIS consists of two segments —

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by —

(i) Government personnel and authorized users performing business on behalf of the Government; or

(ii) The Contractor, when viewing data on itself; and

(2) The publicly-available segment, to which all data in the non-public segment of FAPIS is automatically transferred after a waiting period of 14 calendar days, except for —

(i) Past performance reviews required by subpart 42.15;

(ii) Information that was entered prior to April 15, 2011; or

(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(c) The Contractor will receive notification when the Government posts new information to the Contractor's record.

(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the nonpublic segment of FAPIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209–9 and request removal within 7 calendar days of the posting to FAPIS.

(2) The Contractor will also have an opportunity to post comments regarding information that has been posted by the Government. The comments will be retained as long as the associated information is retained, i.e., for a total period of 6 years. **552.212-73 EVALUATION—COMMERCIAL ITEMS (MULTIPLE AWARD SCHEDULE) (AUG 1997)**

(a) The Government may make multiple awards for the supplies or services offered in response to this solicitation that meet the definition of a "commercial item" in FAR 52.202-1. Awards may be made to those responsible offerors that offer reasonable pricing, conforming to the solicitation, and will be most advantageous to the Government, taking into consideration the multiplicity and complexity of items of various manufacturers and the differences in performance required to accomplish or produce required end results, production and distribution facilities, price, compliance with delivery requirements, and other pertinent factors. By providing a selection of comparable supplies or services, ordering activities are afforded the opportunity to fulfill their requirements with the item(s) that constitute the best value and that meet their needs at the lowest overall cost.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

**CI-FSS-151 ADDITIONAL EVALUATION FACTORS FOR AWARD (MAR 2008)**

(a) The Government will consider award for a responsible Offeror, whose offer conforms to all solicitation requirements, is determined technically acceptable, has acceptable past performance, and whose prices are determined fair and reasonable.

(1) Section I Administrative/Contract Data: Section I Administrative/Contract Data will be evaluated for its successful completion of all requirements outlined in the Instructions to Offerors in Part II of the Solicitation Document. The firm must be determined financially responsible based on the financial information provided.

(2) Section II Technical Proposal:

(i) Section II Technical Proposal will be reviewed, evaluated and rated acceptable or unacceptable (Go/No Go) based on the four technical evaluation factors described in the Specific Proposal Submission Instructions to Offerors in the Cover Page of the Solicitation document. Award will be made on a SIN-by-SIN basis. A rating of "unacceptable" under any evaluation factor will result in an "unacceptable" rating overall for that SIN. Offers determined technically unacceptable for all proposed SINs will be rejected.

(ii) Factor One – *Corporate Experience*: Failure to provide the information as described in the Specific Proposal Submission Instructions for Factor One will result in an "unacceptable" rating for that SIN. The Offeror shall have demonstrated that the firm can successfully perform, administer and complete ordering activity tasks that may be awarded against a contract awarded under this solicitation. They must also demonstrate that the services proposed for each SIN are within the Scope of Work in Part I of this solicitation.

(iii) Factor Two – *Relevant Project Experience*: The Offeror must submit the information described in Factor Two of the Specific Proposal Submission Instructions located on the Cover Page of the solicitation, and must also demonstrate the successful completion of

orders which are of a similar or greater complexity to the orders described in the statement of work in Part I of the solicitation.

(iv) Factor Three – *Past Performance*: Failure to provide information as described in Factor Three of the Specific Proposal Submission Instructions may result in an “unacceptable” rating for the Technical Proposal. The results of the Open Ratings Past Performance Evaluation will be considered, along with other information available to the Contracting Officer in determining the past performance rating of the Offeror. The Government reserves the right to consider any other pertinent information which comes to the attention of the Government regarding the Offeror’s past performance. The Government will consider the Offeror’s performance in the following key areas: Overall Performance, Reliability, Cost, Order Accuracy, Delivery/Timeliness, Quality, Business Relations, Personnel, Customer Support, and Responsiveness. Those Offerors demonstrating a pattern of consistent acceptable performance will receive an acceptable rating.

(v) Factor Four – *Quality Control Plan*: Failure to provide the required information as described in Factor Four of the Specific Proposal Submission Instructions to Offerors may result in an “unacceptable” rating for the Technical Proposal.

(vi) Offerors are on notice that proposals that are unrealistic in terms of technical commitment, lack technical competence, or are indicative of failure to comprehend the complexities and risks of solicitation requirements will be rejected.

(3) Section III Price Proposal:

(i) Section III Price Proposal will be evaluated for its successful completion of all requirements outlined in the Specific Proposal Submission Instructions in the Cover Page of the solicitation document. In order for the Section III Pricing proposal to be rated acceptable, the Contracting Officer must determine that the proposed pricing is fair, reasonable, and supportable, based on the submission of sufficient pricing information as outlined in the Proposal Submission Special Instructions.

(ii) The proposed pricing must be advantageous to the Government, and inclusive of the Industrial Funding Fee (IFF). If the rates offered are not “equal to or lower than” the MFC, an acceptable justification must be provided.

Note: The Government reserves the right to award without discussions. Therefore, the Offeror's initial proposal should contain the best terms from a price and technical standpoint.

has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. § 362 (the Bankruptcy Code).
